

Prayer Call April 10, 2023 - Connecticut

Clay Nash: OK. Welcome to Monday, April 10. It's another week of praying for the 50 states. We've now completed 35. The calls have been great. We appreciate all the response of those of you that are on daily faithful and add your power of agreement, add your declarations and decrees. We are so thankful for our hosts that are faithful to come on and our guests. We begin today with the state of Connecticut. Tomorrow night we're going to do Vermont. On Wednesday at 2:22 Kentucky. And Thursday Nevada. And we'll finish up on Friday with Wyoming. When we finish this week we'll have 40 done with 10 more to go. Every call is recorded. Every call is transcribed. And also do not forget to pray about, if you are to be a part of the Josiah Convocation. It's coming up April the 20th through the 22nd. I was able to visit and tour the facility that we've secured there. Incredible facility. Please try to be there there with us. Please go to my website and register there. It's just gonna be an outstanding time of the Josiah Company coming together. Not only that, but we are going to pray over all these states. We've got some incredible men and women coming in who've been a part of this call and part of leadership in the United States. So we're going to be pressing in. I'm gonna call on Jacquie Tyre there in Georgia to go first today. She has a prophetic word. I have just read it and my spirit churned. It's strong. It's focused. It's weighty. So Jacquie release what God has put in your heart.

Jacquie Tyre: Thank you, Clay. The word is a little bit heavy and so I thank you for reading it ahead of time. Sometimes we just need to make sure that what we are hearing is what we are hearing and is clear. I just really appreciate everyone that is on the call with us day after day and just being able to pray for our great nation. This is what I heard Holy Spirit say:

Connecticut, founded to be a seedbed of hope, prosperity, and wisdom flowing out of My Kingdom, but overtaken by humanism, the ingenuity of humanity, the force of self-will, and the pride of the flesh. I have not forgotten you, but the idolatry of humanity has taken its toll upon your land and its people. Intended to be a powerful hub for My purposes, you have become a source of mixture, confusion and even, concealed evil, looking good on the outside but severely lacking on the inside.

But I say, I have not forgotten nor have I forsaken, and I have not left you helpless. No, I have a remnant that continues to stand strong, not in the power of the flesh, but the authority of My Spirit. I have a people who have shaken off the entanglements of the flesh and humanism, and taken on the robes of righteousness, the garments of praise, and have picked up the sword of My Spirit to hear, see, say and do according to My Word. These mighty ones of My Spirit are being strengthened, fortified, connected, and empowered for the day of mobilization and advancement that is coming, for the day of movement is rising and shall gain momentum on to acceleration to regain what has been stolen and to restore that which has been trampled underfoot. Watch and see as the "up and outs" begin to be opened supernaturally to the Gospel of the Kingdom, for I am orchestrating the opening of a great and effectual door for My Kingdom to advance.

There is an ancient altar that has defiled the land for thousands of years that will be revealed. When you see the report of this new discovery, know it is time to move in the power and authority I have given to root out, pull down, destroy and overthrow, and to build and plant with greater strength than previously seen.

Father, I thank you for Connecticut. I thank you for your purpose, your call, your destiny, and your assignment upon this land. I thank you, Father, that you have not forsaken, nor have you forgotten what you have intended over Connecticut. That it is a land of covenant; it is a land of constitution; it is a land of great prosperity. But it has been, Father, even taken into the prosperity it has been taken captive to humanism and the gods of this age. But, God, we decree over Connecticut that Connecticut is coming into freedom. Coming into the liberty secured by the Spirit of the living God. That there is a coming forth of a fresh new wind of the Spirit across Connecticut. There is a strengthening of the Saints of God across Connecticut that will rise up as a mighty army. That they shall deal with this false altar that shall be revealed, it shall be overtaken. It shall be overcome. And there shall be the altar of the Lord that rises out of Connecticut that will bring forth the light and the glory and the grace of the Lord. And Father, even now I pray for what you termed the "up and outs". Those that have great prosperity, those that have everything that they need at their fingertips and disposal, everything they need except for You. And, Lord, that you are beginning to move and You are opening up hearts. That in the midst of all of the prosperity. And all of the wealth. And all of the education. And all of the greatest of what humanity can offer. You are moving in and causing all of that to be as nothing because they see the greatness of who You are. So, Father, I pray for a wave of salvation among the "up and outs", among those that have plenty but do not have You. That they will come into the fullness of having the fullness of You and know that You are the greatest treasure ever. So I decree salvation over Connecticut; Deliverance; and a reestablishing of covenant purposes for the Constitution that You have for this land to be advanced in the mighty name of Jesus. Amen

Clay Nash: All right, Jacquie, thank you for that strong prophetic word. Father, we just declare your word is settled in heaven. And we declare that that word is brooding over the state of Connecticut. And You have plans to do exceedingly, abundantly above anything that we can think or ask. So Father, we just come in agreement with Your will being done in the state of Connecticut.

Regina Shank, there in Missouri, you have a prophetic word for the state of Connecticut. What's in your heart?

Regina Shank: Yes, I do. Thank you so much. It pretty much fits with what Jackie has already said, but this is what I heard for Connecticut.

I will connect you to others in your territory that will become a threefold chord!! A new sound will come out of Connecticut. It's a viola sound; it's a drum sound; it's a whining desperate sound, but one that will reach the courts of heaven. This sound will move

through the liberal agenda; it will move and overpower the sound of “woe is me”, the sound of organic glee; the sound of “what’s in it for me?”

You must hear it before you make it. Listen it will be released in your quiet place. Suddenly the drums of change will beat the march of victory. Suddenly the quiet will hear the mournful whining of the intercessor, who releases the cry of deep calls to deep. Suddenly the viola will play its solo, being joined by those who will gather to hear the trio.

The audience of one will suddenly become a choir of some; Suddenly the choir of some will become the choir or many. The pioneers will gather releasing new vision, new positioning, and new mantling for this next season. Others will follow their own way. Pioneers come forth; come together. It’s time for fresh vision.

The government of Connecticut will shift from old to new; old seats will be removed; new seats will be positioned, not only in the natural government but in the spiritual government. I am setting in place my Kings and Priests. The battle will be won. Arise Connecticut, the new sound, the new chord is coming together, three in one. Sound the alarm. Come together pioneers. Ignore what is a distraction. See the vision; see the hope; see what I can do in your state.

So, Lord, we decree into Connecticut the coming together of the threefold sound that is coming forth out of Connecticut. The Viola. The drum. The whining sound of the intercessors. God, we thank you, Father, that You are going to hear those sounds and You are going to bend low and You are going to come and change a state because of those who are pioneering yet again and making a new road through the wilderness. Father, I thank You for those pioneers. Those that see what others do not see. Those that have heard what others have not heard. And those who are willing to take the risk to go into new territory in the state of Connecticut. Father, I thank you. The old is going away and the new is coming and the fresh vision is coming. It’s blind like blind Bartimaeus crying out, “Son of David, have mercy on me. Son of David, have mercy on me.” And the Lord has heard the intercessors cry out for mercy and cry out for intervention. That the blindness of the religious group in Connecticut would be removed. And the eyes would be opened to see God on another level; in a new way. God, we just decree over Connecticut that You are going to open the eyes and their hearts and the ears of their hearts. And they will hear and see again. And they will move in a fresh, new way to bring forth your presence with a new purpose in the state of Connecticut Amen

Clay Nash: Alright Regina, we thank you for those strong prophetic words and your declarations and decree. We come in agreement with it, and we declare, Lord, Your will be done in Connecticut.

We are honored today to have Sheila Kimball on with us. She is state coordinator of National Day of Prayer. And she was contacted by a friend of mine Jana. She has made herself available to come on. So Sheila, I'm gonna call on you now for some things that you need to share that are prayer needs for the state of Connecticut. Please do so.

Then make those declarations and decrees that God has placed in your heart. Thank you again for making yourself available in your busy schedule to be on the call.

Sheila Kimball: It is my pleasure. Praise the Lord. Father, I thank You and praise You for how You have encouraged my heart by just the words that have been spoken and how right on they have been. Father, I just want to ask Your forgiveness for our state that has been so into itself and so into a selfishness and greed and other things that, Lord, we just confess, Lord, is not of You. It is not pleasing of You and Lord, we ask Your forgiveness for this horrendous thing that we've been doing, Lord. Making laws that do not agree with Your word in am particular, Lord, take the abortion up to birth amendment. Lord, I pray it would be defeated in Jesus' name. I pray that abortion would no longer be on our Constitution, part of our constitution for our state. I pray, Father, that this bill would be defeated. I pray assisted suicide would be defeated in Jesus' name. Father. I pray, that the value of people would be greater than the value of money. I pray, Father, that people would have the right mind and the right heart. And I thank You for the change that is coming based on these prophetic words that have already been spoken. I agree with them. I thank You for them. Father, I thank You and praise You that The fear of the Lord would be released over this state for it is the beginning of wisdom that men and women and children would have a reverence for God again and would have a heart after You and Your word and Your will. And we would make laws and rules and decisions in agreement with Your word. And we thank You and praise You. I declare and decree that Connecticut, Jesus Christ is Lord of Connecticut and Connecticut shall again be honorable in the sight of God, as the Constitution state it was predestined to be. In Jesus name, Amen.

Clay Nash: Alright. Thank you, Sheila, for that. We just come in agreement with your words and we back them up. Not just with our prayers today on this call, but intercession over those words to come to pass in the days to come.

Pat, in Illinois I wanna call on you now. But I wanna say this, I hope many of you, all of you on the call, are aware that there has been a tragic shooting in Louisville, KY. We ask that you pray for the state of Kentucky on Wednesday. My last report, six people lost their lives in the shooting. I don't have the details about it but make this not just a matter of prayer while we're on the call. But make this a matter of prayer. Let me just share with you, I read an article where someone was planning to shoot up a school somewhere and the parents got wind of it and they turned their own son in to get some help. We must move past our shame. In our friends and our family members. To move into that place where we will be responsible. Not just in prayer. But in getting them the help that they need and preserving the lives of the innocent. And so as you will make plans to set aside some time for the state of Kentucky in this tragic loss, be sure to join with us on Wednesday for the call.

So, Pat, what's in your heart?

Pat McManus: Thank you, Clay, for the opportunity. And I just come in agreement with what's been shared and Father, we do pray for Kentucky that it would experience the

peace of God, the rule of God, the love of God, the mercy of God, and the grace of God and the revelation of God on that state.

As I was praying and thinking about today, I looked up Connecticut. It was the 5th state in the nation which is a constitutional state according to the book that was put out. I got to thinking about it this way. The Lord showed me a word of foundation. Psalm 102 verse 25: Of old You laid the foundations of the Earth, and the heavens are the work of Your hand. With that verse, I got the foundation of the constitutional structure that Connecticut was one of the very foundational statements and states that would truly align to establish the Constitution for our land. So I'm going to pray it this way:

Father, I thank You that the foundation is being reset and the old structures are beginning to crumble in Connecticut. That Father, You are releasing a strategy of Kingdom Understanding and Kingdom advancement is being expressed and demonstrated in Connecticut. Father, we thank You that You are realigning the state into a clear sound of reformation as You tear down the systems of old and that which needs to be removed will be removed. Father, we declare this day that idol worship and the Baal structure and the astropulse that function within Connecticut will be dismantled. Father, we say to the Gideons, the Joshuas and the Jehus, we declare "rise up in the state and begin to move forward with the authority of the advancing revelation that's being imparted to you to truly see the movement of heaven come upon the land". We thank You, Father, that You are muting and muzzling the ox that is trying to dismantle or disrupt Your foundational expression. But Father, You are causing those that need to be offered on the sacrifice as the Baal altars are being dismantled. Father, we say this day, let Your Kingdom come, let Your will be done. Let the power of Your name be seen. So, Father, restore the foundational expression of what You did from the very beginning that Connecticut will come into its right time order and seeing the fulfillment of Your words, the expression of Your heart, and the revelation of Your hand revealed upon that land. We thank You, Father. In Jesus name, Amen.

Clay Nash: Alright. Thank you, Pat. Strong declaration there. We come in agreement with them. Ken Malone there in Florida, great to have you on. What's in your heart?

Ken Maone: Clay, I'm honored to be on. I'm honored to pray for the state of Connecticut. God, I believe that God is going to manifest His glory there. As I was reading about Connecticut today and it being a constitutional state, as Pat brought out. I heard the Lord say Acts 3, verse 19-21. I wanna read this. It says. And now you, Connecticut, must repent and turn back to God so that your sins will be removed and so that times of refreshing will stream from the Lord's presence and He will send You Jesus the Messiah, the Appointed One. For He must remain in heaven until the restoration of all things has taken place. Father, I thank You for that. God, I thank You that You are restoring Connecticut. And that word restoration, many of us know this, it actually means to reconstitute. And so, Lord, I believe that You are reconstituting this constitution state. You're going to reconstitute it according to Your plans and according to Your purpose. And Father, I decree, Lord, that You are raising up apostles and prophets, Lord, out of Connecticut, Lord, that will have a strong voice to that state that

will stand in the place of authority and will stand in the seats of authority to decree, Connecticut's realignment according to Your constitution. Father, I thank You for a great outpouring of Holy Spirit that will be upon Connecticut. And, God, that signs and wonders and miracles, God, from Your hand will begin to stream forth, Lord, from that state. In Yeshua's name, Father, I thank You God, for the many, many souls coming into Your Kingdom within this state, Father. And, God, I give You praise, God, that You have not finished with Connecticut. It's not done. It's not complete. You're coming in power and You're coming in glory. In Yeshua's name, Amen.

Clay Nash: Alright, Ken, we come into agreement with that.

You know, as I was doing some meditation on the state of Connecticut, when you look at it, there's the word "connect" and the word "cut". And I heard the Lord say that there's some connections in Connecticut that I'm about to cut them loose. I'm about to dig down where the root of this darkness has been prevailing. And I'm about to cut them off at the root, says the Lord. For that, that I have for Connecticut is to arise up out of the mundane and rise up into the nobility that is up on that state. For there was a time that the sound, the voice, and the direction of Connecticut found was a foundational thing for the United States. But the Lord said it made turns towards false altars were built. But the Lord said I am raising up boots on the ground in the state of Connecticut. And as they go through the state once again in prayer, I'm going to tear down the false altars. I'm going to deal with Baal in a complete new way. And I'm going to have those things which man has set up to be trodden under foot. Get ready, Connecticut, because I am brooding over you in a new way. I'm brooding over you, for there is a divine reversal coming to the state of Connecticut. Watch and see, says the Lord. For those that have set themselves up that they cannot be removed, will be removed, says the Lord. But those that are in place, that are not seeking my counsel and the Council of my Spirit or the wisdom of the Kingdom, I'm about to bring heart changing effect to them. And as this comes, there will certainly be a shift across Connecticut. So, I say unto the hearts that can hear in the state of Connecticut, get ready because shift is coming because I am causing Heaven to bring about a great and mighty shift among the people, the leaders in Connecticut, and even those who have been lukewarm, those who have been hidden out, I'm about to cause a fire to burn in their spirit again and they're going to come out of the obscure places and they're going to become My authority in the state of Connecticut. And My authority will roar. Roar. Roar. And I say it unto the people of Connecticut, let the words declared out of your mouth be welcome to the roaring 20s. And Connecticut, for this roar will be the roar of the Lion of the tribe of Judah. And it will be a roar that will begin to shake things. And it will also will shift things. Get ready, says the Lord.

Anything from the other hosts stirring in the hosts? Anything before we ask Jenna Conyard to close us out today in prayer? Alright, everyone is happy. It has been a great call. Jenna, thank you for your years of friendship. You are an intercessor. Your actually on one of our intercessory teams for Susan and I. I so appreciate who you are and what you carry there in the state of Connecticut. I appreciate the connection with

Sheila today as well. I appreciate her prayer. Jenna, just for the release of things that are in your heart.

Jenna Konoir: Before I do, I just wanna thank each of you hosts just for being so diligent in these prayer calls and for seeking the Lord and hearing from Him and releasing it. We are grateful. And so, Father, I wanna thank You so much for this call today. As a resident of this state and as one who prays regularly for Connecticut and for our nation, I receive what has been spoken today, what has been decreed today, be it admonishment, as well as the encouragement. And, Father, I again, as a resident of the state, I do acknowledge and repent on behalf of our state for the things we have done over the years that are not of You. And I thank You so much that You are a God of forgiveness. You are God of mercy, and that mercy triumphs over judgment in every way. Father, again the encouragement from this call. The words You have for the remnant. There is a mighty remnant here in this state. And I speak that encouragement I come into agreement with the encouragement. Let there be a fresh wind that just fills them up. Father, I also just want to acknowledge that we recognize that it is not by might, not by power, it's only by Your Spirit and by Your great mercy, that we can receive such an abundant blessing of the revival wind that's coming. A second chance. Another way to just get our eyes focused on You. So, Father, thank You. Thank You, thank You. I just want to again agree with what has been spoken. Receive it as much as I can on behalf of Connecticut, Father. And I look forward to how these words will unfold. We are grateful people, Lord. We are grateful people and I'm so grateful for the righteous roots that we have here in this state. And for all the prayers that have gone on before the way that we were founded. The prayers that You alone know over the years and decades. Father, the ones that so many who may be listening to this call today. Have been a part of our state capital and our zoom calls and all the different ways that the remnant has just lifted up Connecticut. Father, I thank You that You do not lose one prayer. That they all matter. And we are looking forward to the day when the bowls of heaven will be tipped out and we will experience what has been spoken in this call today. We receive it. And I thank You so much for that. I just thank you, God. I thank You for Your nature that You are so full of mercy. And power. And love and goodness. Thank You, Lord, in Jesus name. Amen.

Clay Nash: Alright. Yeah. Thank you, Jenna. Good. Good close to today's call. I wanna first pray for the state of Kentucky and everyone that's been affected, traumatized, whatever by this tragic shooting there. I wish I had more details, but I don't.

But I also wanna say, one of the things that rose in my heart during this call, didn't have it before, but I call forth in the state of Connecticut those that are inventors, those that are creators of new ideas, I declare that entrepreneurship that brought forth the cotton gin, brought forth the submarine, brought forth the things that came forth out of the people of Connecticut, I declare that there is a new release of the Spirit of creation. A new release of the of the Spirit of inventions and new technology that's gonna come forth. I call those people to be awakened by the Spirit of God and Kingdom of God and come forth into their place of destiny.

Now, Father, we lift up everyone in Kentucky who's been affected by this tragic, tragic shedding of innocent blood; taking of innocent life. And we just speak peace that surpasses all understanding. We declare healing. We declare that fear will not get ahold of people. We declare Your will be done in this situation there in Kentucky. We lift them up. And we stand in agreement for Your will being done in Yeshua's name. Amen.

Remember tomorrow night at 9:00 p.m. Eastern Time we're going to be praying for the state of Vermont. And if there's anyone from Vermont on the call today, if you would please e-mail me at claynash.org. I would like to speak to you about tomorrow night's call. I'm looking to connect with some boots on the ground there. And so if you write me right away, we'll get something worked out where we can speak. Will be on here tomorrow night.

Remember the Josiah Company Convocation coming up April 20th through the 22nd. Several people writing me saying I wanna come but waiting for God to make the way, let me help you with that. This is how faith works. Decide that you're coming. And then faith will kick in and make a way. We would love for us to join us. We believe that it will be a very significant time. In fact, I'm still processing. I find it interesting, I tried the state of Texas to host this Josiah's convocation. Did not work out. I tried the state of Ohio. It did not work out. We ended up putting it here in Arkansas. And Sunday, Chuck Pierce released an incredible, dynamic word about the generals that have come out of Arkansas and are coming out of Arkansas. And got to hear the word personally. People have called me with it. We are going to be in agreement with that word. We're gonna work that word. And it makes me wonder why nothing opened up except Arkansas for the Josiah Company Convocation. Josiah was more righteous than any other kings before his time or after according to God's word. He was also very young when he took his place as king. So God bless you. Thank you all the hosts, all the participants and we thank you, Sheila and Jenna for being on with us today and representing the state of Connecticut very well. God bless you all.
